INTRODUCTION

Immanent Travel is a personalized luxury travel agency, whose core business is the creation of tailor-made and sensory experiences, with a strong taste for adventure in the great outdoors and cultural immersion. We work with 5***** facilities with reduced capacity, in places that are often cut off from the world, and which actively contribute to the protection of ecosystems and fully integrate local communities into their conservation project.

HERE ARE A FEW EXAMPLES OF ACHIEVEMENTS, FULLY INTEGRATED INTO PURE "TAILOR-MADE" TRIPS:

A board signed by the greatest champions during a surf-themed honeymoon in Hawaii, during the Billabong Triple Crown.

A morning aboard a helicopter equipped with an L.I.D.A.R with a research team for an archaeology enthusiast during a stay in Cambodia.

A candlelit dinner under the Northern Lights for a marriage proposal, during a week-long adventure in Lapland.

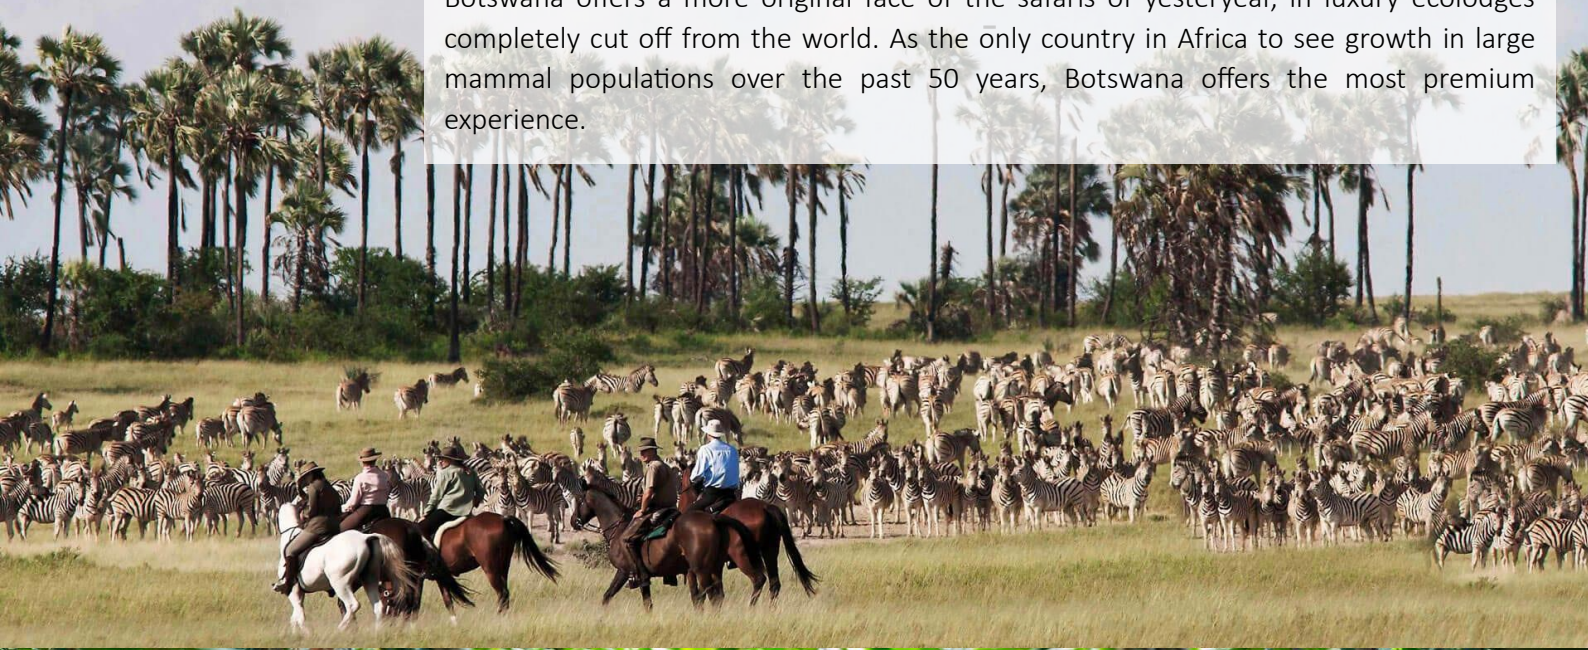

An astronomy session with birthday cakes on a sandbank in the Maldives Baa Atoll, on which fluorescent plankton washed up.

YOUR LUXURY TAILOR MADE SAFARI

A communion with Nature. The adventure, the the landscapes immensity, the patience to take the perfect photo. The first safari is a special experience in the life of any traveler, which inevitably leads to others. Immanent Travel presents a non-exhaustive selection of destinations where you can get up close and personal with majestic wildlife and enjoy your personalized luxury safari experience.

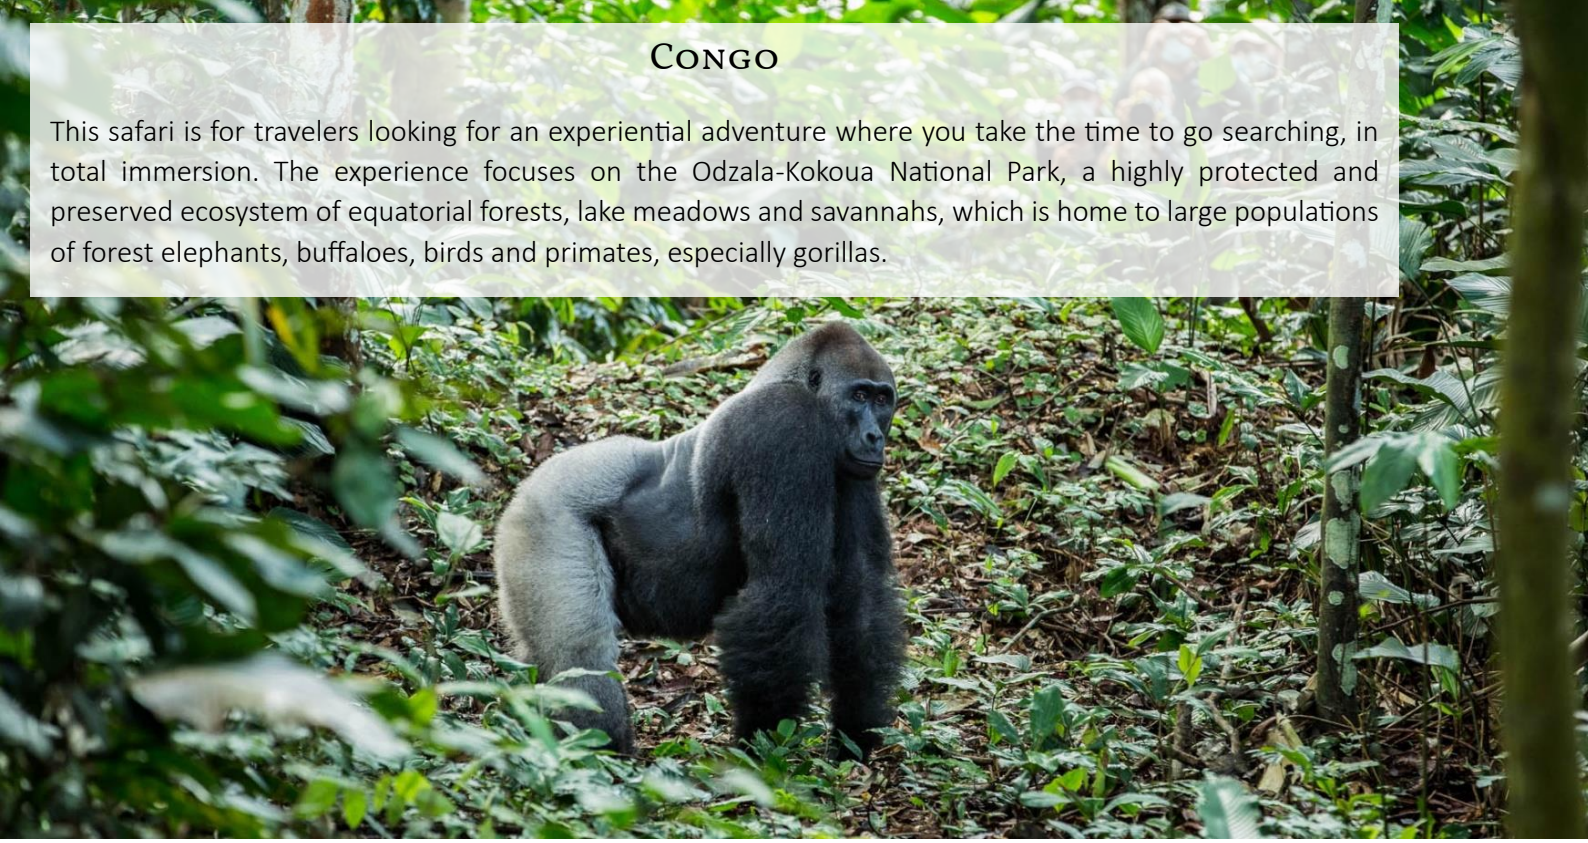

BOTSWANA

Botswana offers a more original face of the safaris of yesteryear, in luxury ecolodges completely cut off from the world. As the only country in Africa to see growth in large mammal populations over the past 50 years, Botswana offers the most premium experience.

CONGO

This safari is for travelers looking for an experiential adventure where you take the time to go searching, in total immersion. The experience focuses on the Odzala-Kokoua National Park, a highly protected and preserved ecosystem of equatorial forests, lake meadows and savannahs, which is home to large populations of forest elephants, buffaloes, birds and primates, especially gorillas.

TANZANIA

Possibly the most spectacular destination for the first time, due to the profusion of animals, especially in July at the time of the Great Migrations and the landscapes as varied as they are grandiose, where you can see practically everything. In addition, it is possible to easily combine it with a bathing area.

INDIA

Tigers, leopards, snow panthers and Asian rhinos. India has historically been home to a staggering number of large animals. If tigers watching is guaranteed and can easily be combined with a cultural trip to Rajasthan, snow leopards sightings are primarily aimed at real enthusiasts, ready to make sacrifices on comfort and wait for long hours in the event of seeing the mountains ghost.

DIVING CRUISES AND YACHT CHARTERS

Galapagos, Raja Ampat, Fakarava... The ocean is the agency's second great love with big cats. With our long experience in diving, we work with a short list of operators allowing you to dive on the most beautiful sites, in the best conditions. We also have access to a large fleet of yachts for customized private cruises around the world.

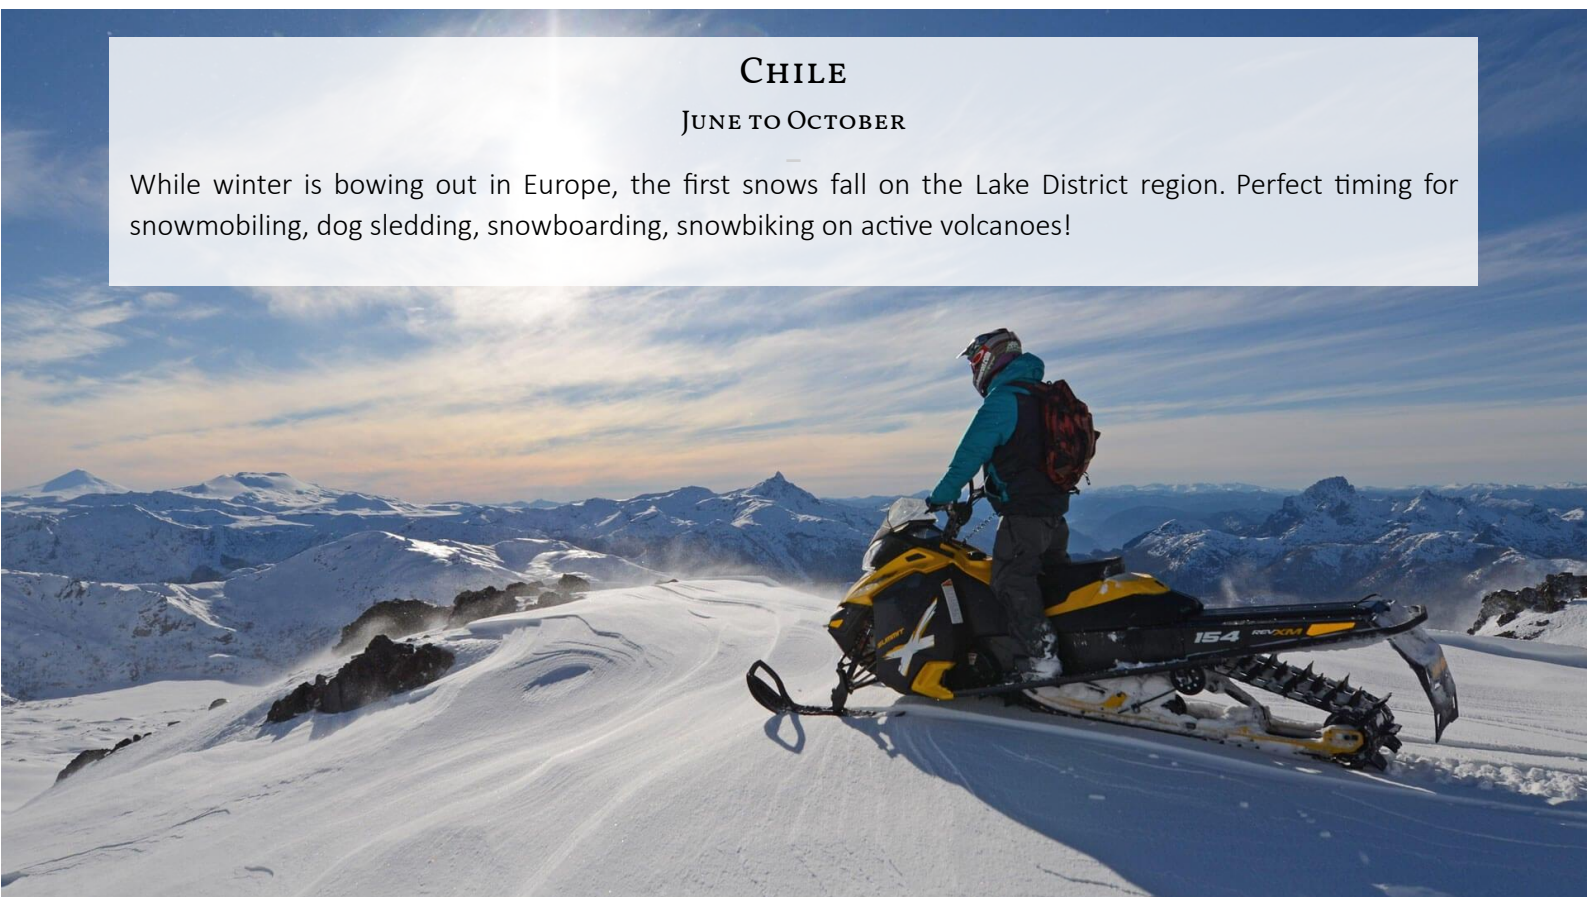

YOUR WINTER HOLIDAYS ALL YEARLONG

Too short winter holidays? No possibility to leave at Christmas or in February? Too many people on the slopes? Or simply the desire to discover other places where you can express your passion while sharing unforgettable moments with your loved ones? Immanent Travel invites you to travel at any time of the year and marvel at the heart of simply intoxicating areas.

CHILE

JUNE TO OCTOBER

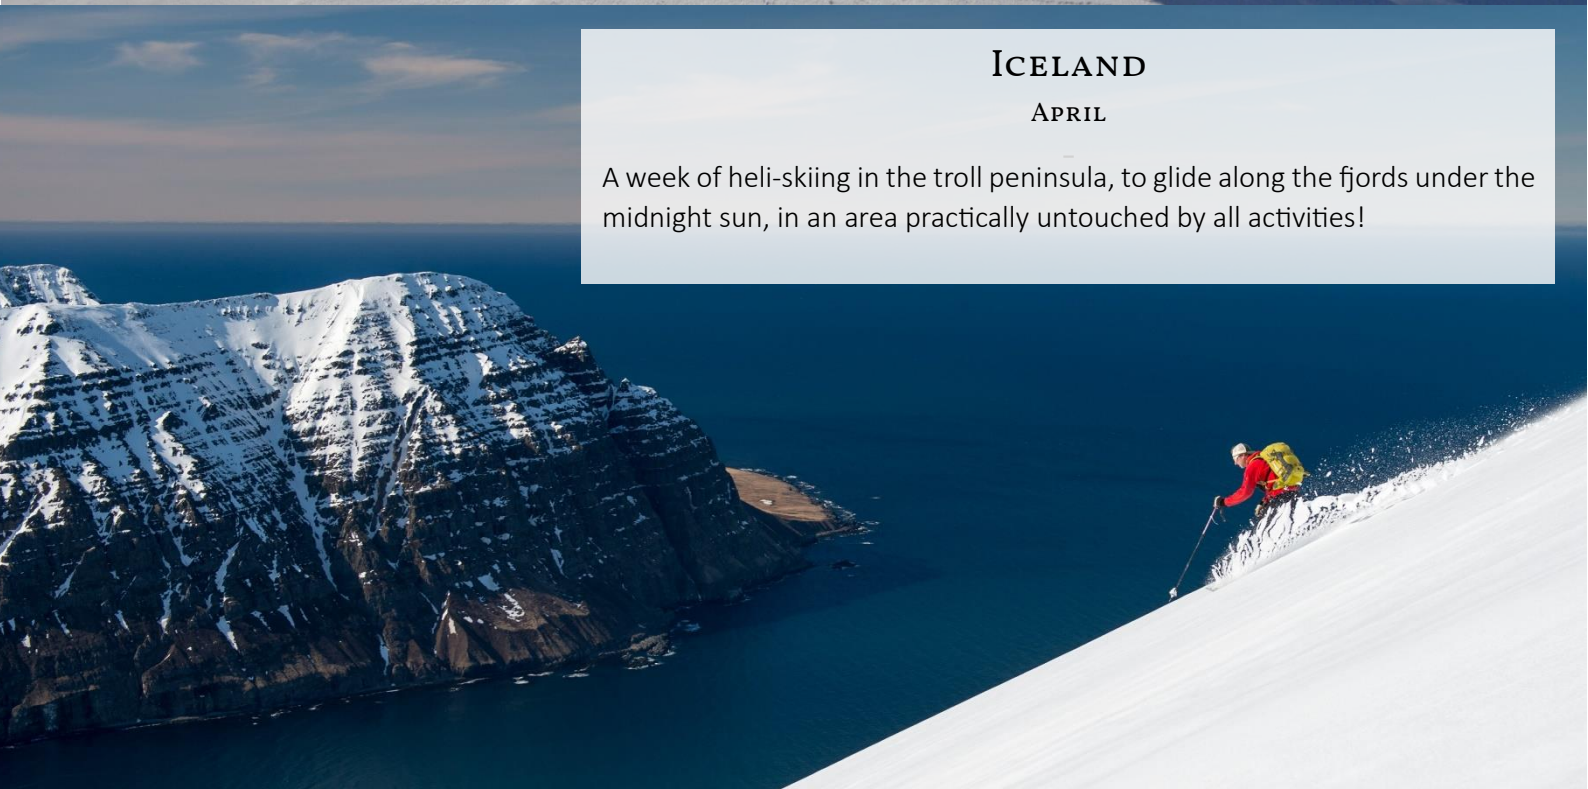

While winter is bowing out in Europe, the first snows fall on the Lake District region. Perfect timing for snowmobiling, dog sledding, snowboarding, snowbiking on active volcanoes!

ICELAND

APRIL

A week of heli-skiing in the troll peninsula, to glide along the fjords under the midnight sun, in an area practically untouched by all activities!

ANTARCTIC

NOVEMBER TO MARCH

Cross the last frontier and live the ultimate white desert experience. It has recently become possible to stay in the heart of this mythical continent and its landscapes straight out of a science fiction movie, made of crystalline caves and razor-sharp mountains that seem to drift on a sea of ice.

YOUR EVENTS IN THE CÔTE D'AZUR

Prized for its climate and its way of life, the Côte d'Azur hosts some of the most prestigious events in the world. Immanent Travel offers you the opportunity to participate and 100% personalize your experience.

MONACO FORMULA 1 GP

Watch the race from one of the main stables' paddocks or from a private terrace. The most passionate ones can even consider the presence of a former pilot.

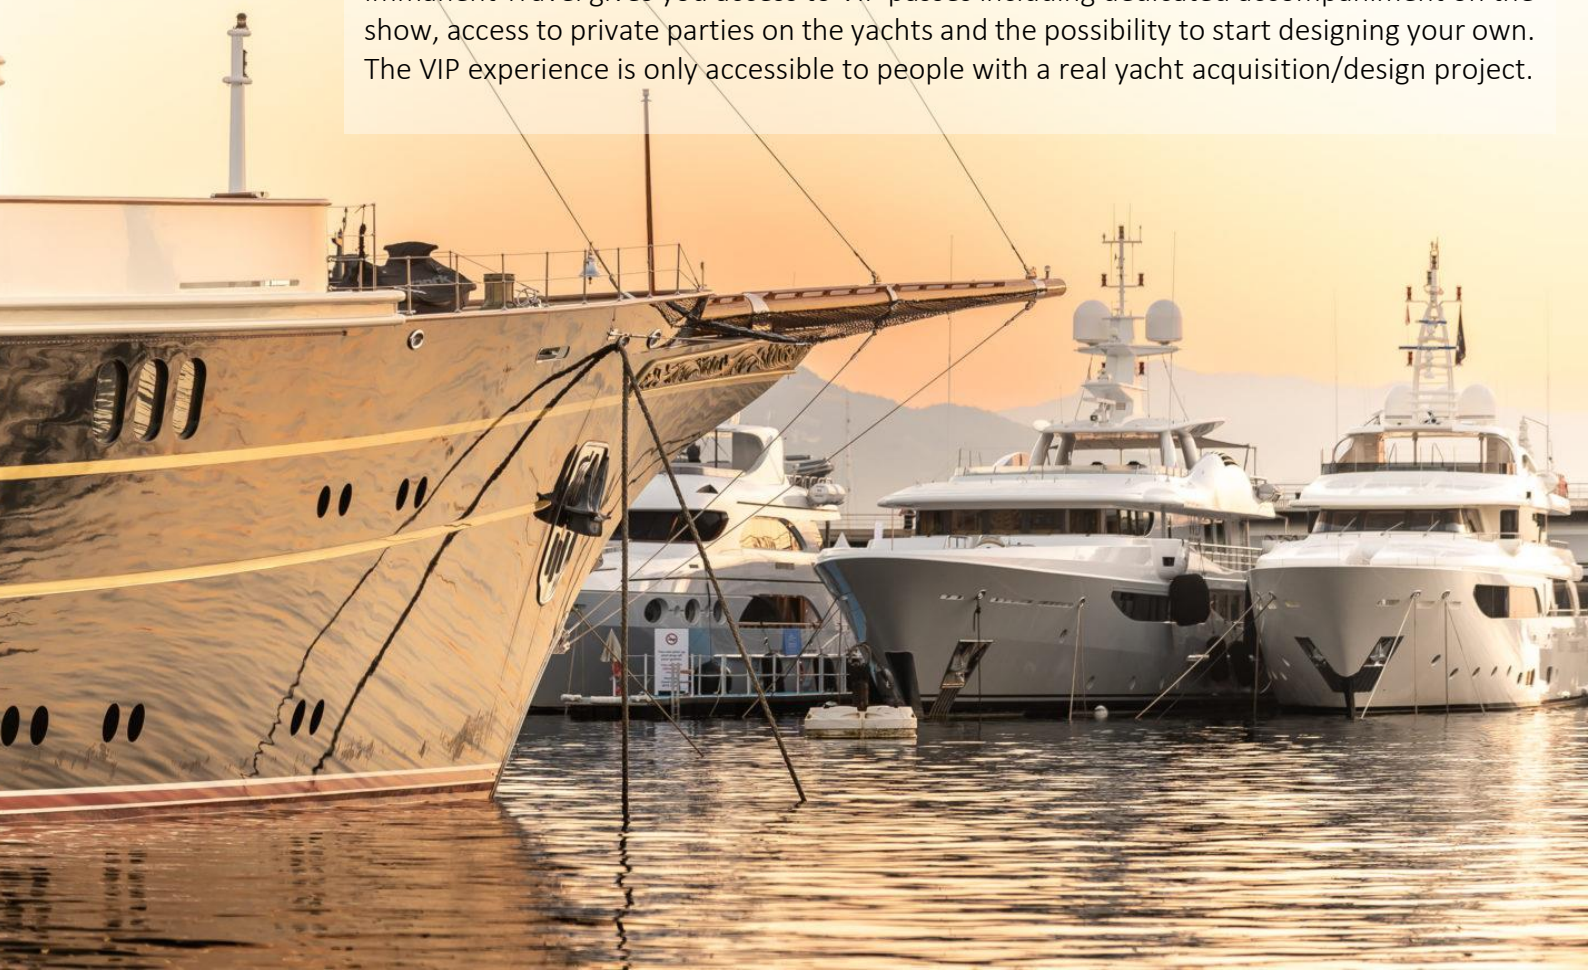

CANNES MOVIE FESTIVAL

Climb the steps, attend the opening ceremony and then participate in the after-party. And that's just the appetizer, since you can add all the other gala and charity evenings including: Chopard, Klein, Moët&Chandon, Di Caprio... as well as the festival's private closing party.

MONACO YACHT SHOW

Immanent Travel gives you access to VIP passes including dedicated accompaniment on the show, access to private parties on the yachts and the possibility to start designing your own. The VIP experience is only accessible to people with a real yacht acquisition/design project.

WEDDINGS AND HONEYMOONS

Thanks to our know-how in tailor-made travel design, we are often entrusted with the organization of a honeymoon or the creation of a setting for a marriage proposal. Our partners around the world will then offer you their special offers as well as additional services according to our instructions, to make this event even more unforgettable.

In the same spirit, we can also organize your wedding abroad with our destination service providers. The possibility of personalizing the event will be total, in accordance with the customs of the country visited. Secular ceremonies only.

COMPANIES AND FAMILY OFFICES

Immanent Travel puts its know-how at the service of companies wishing to organize seminars outside Europe (with the exception of Iceland and Lapland). Thanks to our partners on the ground, we can set up many activities specifically designed to strengthen group cohesion and create a framework in which to spread your values and corporate culture.

Immanent Travel organizes trips to Family Offices to create relationships with professionals in real estate, finance, business aviation, yachting, and sports. These trips are based, among other things, on international events, including: Yacht shows, air shows, F1 Grand Prix, etc. to which the agency and its partners add their signature to create a framework conducive to exchanges.

These family office journeys can also be designed for a particular family in a much more personalized way, and not during an event. It would then be a question of designing a pure tailor-made trip, which is the core business of the agency, to which would be added meetings with professionals between two days of discovery and leisure. For example, a week-long family cultural vacation in New York during which you can visit a penthouse and properties in the Hamptons with a view to an acquisition.
